

PRE-OPERATIVE INSTRUCTIONS

We will be administering General Anesthesia while the dentist treats your child's teeth. Following the instructions below is critical for the safety of your child. Failure to follow ALL instructions will result in cancellation of your surgery. Rest assured, your child will be in great hands with our care team, and we look forward to treating them soon!

CRITICAL - NO FOOD, DRINK OR WATER:

- No food, drink, or water after midnight before surgery
- No candy, gum, mints, or brushing teeth either

KEY PARENT INFO:

- Monitor child to ensure they do not eat or drink anything
- Do not send them to daycare/school on surgery day
- Must remain at dentist office until surgery is complete
- Plan on spending up to 4 hours at the office
- Parent or guardian must sign consent forms
- PLEASE WEAR FACE MASK DUE TO COVID RISK

No Food No Drink

After Midnight

WHAT TO WEAR:

- Comfortable clothes and shoes
- No nail polish or onesies
- Bring extra set of clothes
- Face mask for parent and child

SICK OR ON MEDS?

- Call us if the child has been sick in the past 4 weeks or has a cough, cold, or fever
- Bring inhaler with child if s/he uses one

POST-SURGERY:

- Child must rest for 24 hours after surgery
- No school, sports, daycare, or babysitter for 24 hours
